

You fry it?

Is put in some fried minced onions and chicken

What I like to do

and mash them together with the Boiled potatoes

Me?

Well-

How do you make yours, Sono-san?

Micchan's Potato Salad
● Potatoes
● Onions
● Minced chicken
● Mayonnaise
● Worcestershire mustard
● Leftover vegetables from the fridge

Yeah, it pretty much is

That sounds more like a croquette

80% of the time I end up making potato salad because I can't be bothered to fry it

And once I get to a certain point

I start thinking "Should I have potato salad or croquettes?"

I've never made it before

...

Goes great with beer

Then I add mustard and mayo to it

No, that's just mashed potatoes

Right?

Yeah

Though I guess if you just took mashed potatoes and added mayo to them, it's kind of like potato salad, in a roundabout way

But it sounds good

That's so you, Micchan

and I eat while it's still piping hot
